Term 2 Week 8

This fortnight we welcome Charlotte to our Transition class. Charlotte and her family have moved from NSW recently so please welcome them to our St Andrew Campus community.

Students are busily working through their latest inquiries. I enjoy seeing the learning happening in our classrooms but mostly that our students are engaged in their learning and enjoying it too. Units currently being inquired into are:

- TSD - Civilisations have different homes and different places to live.
- 1LK - Materials behave and interact differently.
- 2RE - People use different forms of expression to convey their uniqueness as human beings.
- 3EQ - Exploring space helps us learn more about our place in the universe.
- 4TA - People can create or manipulate messages to target specific audiences.
- 5GD - Humans have rights and responsibility in sharing resources.

Over the upcoming semester holiday break, Mrs Tahlia Anver will be attending an ALWS teacher study tour to a refugee camp. We wish Mrs Anver safe travels as she learns from and blesses those she comes in contact with. We look forward to finding out about the many experiences Tahlia has on this exciting adventure.

In the coming weeks, we will have a Disco, Campus House Sports Day and a PYP Day with an outdoor education focus. Details about these events will be coming out shortly.

Semester 1 reports will be available at the end of term through the SEQTA ENGAGE portal. If you need assistance to access the portal please ask Kath well before that time.

Our Chapel focus this fortnight is on service...Jesus said, "Love each another as I have loved you." John 15:12

Until next time,
Karen

Check out our account @GSLCJS_SA for happenings around campus.
As we were learning about the letter O we made an ocean mural. As a whole group we listed ocean animals for the display. The children worked in groups to paint the animals and then we created the mural. From this learning experience we went on a journey to investigate fresh and salt water further. We discovered certain animals can live in both fresh and salt water, while other animals cannot. We carried out a science experiment to see if an egg would float in fresh or salt water. The majority of children predicted the egg would sink in salt water and were happily surprised to see the egg float in salt water.

Candidate School Statement

St Andrew Campus Leanyer is a candidate school* for the International Baccalaureate (IB) Primary Years Programme and pursuing authorization as an IB World School.

IB World Schools share a common philosophy – a commitment to improve the teaching and learning of a diverse and inclusive community of students by delivering challenging, high quality programmes of international education that share a powerful vision.

*Only schools authorized by the International Baccalaureate can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted.

For further information about the IB and its programmes, visit www.ibo.org

PYP

There are 5 essential elements to planning and teaching the PYP Curriculum. These are Knowledge, Concepts, Skills, Attitudes and Action that the students are able to understand, develop and demonstrate while they are working on a Unit of Inquiry in the classroom.

Each Unit of Inquiry should be engaging, relevant, challenging and significant for the students, allowing them to make personal meaning from their learning and to transfer these skills to other aspects of their schooling or home life.

The Central Idea of the Unit is a conceptual understanding that draws a focus from the Australian Curriculum while also giving our students a global perspective alongside their own personal views.

There are 8 Key Concepts to emphasise within the lines of inquiry that assist the students’ learning to be enduring over time. It is fantastic to have the students review similar concepts with a different perspective over their years in the Primary Years Programme as they make connections to their previous learning and they can pursue their own interests within an inquiry.

Our classroom teachers are aware of what they would like their students to feel, value and demonstrate as the students work through a Unit of Inquiry. The attitudes are explicitly taught to the students as a part of the unit of inquiry.

The Action we really love to celebrate at St Andrew’s Campus is the transferring of learning to other areas of our students lives, especially outside of school, at home and in the community. It is amazing to see students making connections between their earlier learning experiences for other Units of Inquiry as they are working on Units of Inquiry later on in their schooling.

CAMP AUSTRALIA NEWS

TRANSITION - YEAR 5 Vertical Interest Groups

In Week 6 we started vertical interest groups from Transition to Year 5. These groups take place on Friday afternoons between 1 - 2pm. Teachers are running these groups and students have nominated which group they wanted to participate in. Some of the groups include cooking, gardening, play and dance. If you are interested in helping a group and are available to commit for 1 or 2 weeks, we would love to hear from you!

Please contact Rebecca Fletcher or Georgia Dickson before Friday 13th May
rebecca.fletcher@ntschools.net. georgia.dickson@ntschools.net.

DON’T FORGET!

NUDE FOOD each WEDNESDAY

You may have read or heard that this year all Good Shepherd Junior Campuses are going to support Nude Food each Wednesday. Nude Food Days are a nationwide initiative to encourage students to eat well and live well. They aim to eliminate all unnecessary packaging and wrapping that goes into schools.

Each Wednesday, all students are asked to bring food that has no wrappers and packaging. Please use durable, reusable containers to bring along food to avoid waste. Please see the attached tip sheet for more information.

DON’T FORGET ZOOPER DOOPERS AND HERBS FOR SALE.

.50c Zooper Dooper and $2 Herbs every Friday after school.

A reminder that class starts at 8:10am and finishes at 2:30pm T - Yr2 and 2:40pm Yr3 - 5.

If you are going to be later than 2:40 we have an after school service provided by Camp Australia. They can be contacted on campaustralia.com.au or 1300 105 343.

We are very pleased to announce the launch of our exciting new App, ‘Good Shepherd Lutheran College NT’, accessed via the App Store or a link which was emailed to all families, and was also posted on Facebook.

There may still be a little tweaking required, but we do hope you find the links extremely useful. Any feedback is most welcome.

Pastor Geoff will be away on Long Service Leave from June through to August. Any pastoral concerns during this time can be addressed by Pastor Andrew who can be contacted through the College office on 89830300
